| Type of incident | Action to be taken | | | |
|-------------------------|--|---|----------------------|---|
| | Notifications to : | Immediate action : | Evacuation : | Additional actions : |
| Access/Egress issues | Caleb Smith, Co-Principal(s) and other staff within the building, visitors | Identify the issue and determine an appropriate course of action i.e. close off particular access routes, ensure everyone remains in the building or evacuate as appropriate; identification of alternative access routes | May not be necessary | Review the situation in line with any action taken |

| Type of incident | Action to be taken | | | |
|--|--|---|--|---|
| | Notifications to : | Immediate action : | Evacuation : | Additional actions : |
| Adverse weather conditions | Caleb Smith and other staff (and in turn students) within the building, visitors etc., Health and Safety Co-ordinator | Follow the advice provided by Mark Harris | May not be necessary | Review the situation regularly |
| Loss of services (electricity, water etc.) | Caleb Smith and other staff (and in turn students) within the building, visitors etc., | Follow the advice provided by Mark Harris | May not be necessary as this will be dependant upon the nature of the emergency and its affect on the whole or part of the premise | In the event of a major power cut, turn off electrical appliances that will automatically switch on when power is restored. If several appliances restart at once, they may overload the system. In the event of failure of the water supply, an assessment will be made as to whether normal service can be maintained, bottled water may need to be provided |
| Gas leak | Caleb Smith and other staff within the building, visitors etc., contact Transco), any neighbours who may be affected | Follow the advice provided by Transco or Mark Harris | If the leak is confined to a particular area, evacuation may not be required, seek clarification from Transco. If an evacuation is required, follow the procedure for fire evacuations | Await confirmation from Transco before re-entering the building and follow any advice provided such as ventilating the building |

| Type of incident | Action to be taken | | | |
|--|--|---|--|---|
| | Notifications to : | Immediate action : | Evacuation : | Additional actions : |
| Failure of waste services | Caleb Smith and other staff (and in turn students) within the building, visitors etc., | Follow the advice provided by Mark Harris | An evacuation will not normally be necessary however any affected areas should be isolated. The extent of the problem will determine whether or not services have to be suspended temporarily | If services have to be suspended, follow the general arrangements for ensuring the safe transportation of service users, visitors and employees etc. |
| Large scale medical emergency/epidemic /outbreak of an infectious disease | Caleb Smith and other staff within the building, parents and guardians of students, visitors, | Follow the advice provided by Mark Harris | An evacuation will not normally be necessary however any affected areas should be isolated. The extent of the problem will determine whether or not the College has to be closed temporarily | If services have to be suspended, follow the general arrangements for ensuring the safe transportation of service users, visitors and employees etc. |
| Civil unrest/public disorder | Caleb Smith and other staff (and in turn students) within the building, visitors etc., and emergency services as appropriate | Follow the advice provided by the police and/or Mark Harris | If an incident occurs in the general area and there is no immediate threat to occupants of the building, an evacuation will not be necessary, however everyone should move away from windows and outer doors | Dependant upon the extent of the incident, it may be appropriate, upon advice from the police to; evacuate the building and arrange transportation away from the premises for students, visitors and staff etc.; or to remain within the building |

| Type of incident | Action to be taken | | | |
|---|--|--|--|---|
| | Notifications to : | Immediate action : | Evacuation : | Additional actions : |
| Chemical/biological/ radiation incident | Caleb Smith/Mark Harris, Police and other Emergency Services as appropriate, any neighbours who may be affected | Follow the advice provided by the police and/or Mark Harris | If the incident has occurred in the general area, building occupants will be safer inside, unless advised otherwise by the emergency services | If you have been advised to remain within the building, close all windows and doors and remain clear of them. Await further advice from the emergency services |
| Major chemical release within the building (in particular from the laboratory) | Caleb Smith/Mark Harris, Police and other Emergency Services as appropriate, any neighbours who may be affected | Follow the advice provided by the police and/or Mark Harris | It may be necessary to evacuate the entire building to the fire assembly point or as per instructions from the emergency services. | Await further advice from the emergency services before taking further action |
| Large scale water leak/flood/heavy rain | Caleb Smith (who will notify the water board if appropriate), and other staff within the building, visitors etc., and any neighbours who may be affected | Follow the advice provided by the water board and/or Mark Harris | If there is a major leak within the premises, isolate the area, if this cannot be achieved, it may be necessary to evacuate the building following the fire evacuation procedure and await additional advice from the building surveyor. In the case of localised flooding, follow the advice of the Water Board and Emergency Services, this will be provided via radio transmissions | It may be appropriate to evacuate the building and arrange transportation away from the premises for students, visitors and staff etc. If the flooding etc. happens overnight, it may be necessary to suspend close the building and inform staff, parents and guardians of students and likely visitors |
